## WORK EXPERIENCE

Full Stack Development • Internship

UNIFIED MENTOR, Virtual

Sep 2024 - Present

Fullstack Web Development Intern at Unified Mentor, worked on both frontend and backend tasks, building and optimizing web applications for enhanced user experience and functionality.

Web Development • Internship

CodSoft, Virtual

Sep 2024 - Present

Interned at Codsoft, focusing on developing and maintaining web applications, enhancing user interfaces, and ensuring optimal performance.

Data Science • Internship

IBM, Virtual

Feb 2023 - Mar 2024

Analyzed large datasets, developed predictive models with Python & TensorFlow, created visualizations using Tableau during IBM Data Science internship. Emphasized data cleaning and preprocessing for high-quality data and optimal model performances

## EDUCATION

Bachelor of Computer Science (B.C.S.), Computer Science

St. Mira's College For Girls Pune

2023 - 2026

## TRAININGS / CERTIFICATIONS

Machine Learning

May 2024

Great Learning, Virtual

This machine learning course provides a comprehensive understanding of algorithms, data preprocessing, model evaluation, and deployment. It equips you to develop predictive models, extract insights from data, and contribute to various fields

## PROJECTS

[Tic Tac Toe Game ↗](#)

Sep 2024

Created a simple Tic Tac Toe game using HTML and CSS that allows two players to take turns placing their marks (X and O) on a 3x3 grid. The game highlights the winning combinations and provides a restart button for a new game. With responsive design, it looks great on both desktop and mobile devices.

[Calculator ↗](#)

Aug 2024

Build a sleek calculator using HTML, CSS, and JavaScript that performs basic arithmetic operations like addition, subtraction, multiplication, and division. The user-friendly interface features a visually appealing layout with responsive buttons and a display screen. This project is an excellent way to practice DOM manipulation, event handling, and styling, all while creating a functional tool for everyday use!

## SKILLS

- HTML
  - C Programming
  - SQL
  - Data Science
  - Database Management System (DBMS)
- CSS
  - Python
  - Data Structures
  - MySQL
- C++ Programming
  - PHP
  - Machine Learning
  - JavaScript
